SECTION A: (40 Marks)

Questions 1 to 40 carry one mark

1. Mention any one way in which rubbish can be managed in a school environment.

_____

2. Why should pupils in a school be taught road safety rules?

_____

3. Give any one reason why swamps should be conserved.

_____

4. Why should farmers harvest their crops during the dry season?

_____

5. Give any one way of promoting peace in a community.

_____

6. Why do farmers in mountainous areas practice contour ploughing and terracing?

_____

7. How does the African Union promote human rights in Africa?

_____

8. Why was the apartheid policy introduced in South Africa?

_____

9. Give any one importance of traditional education to our communities.

_____

10. How did the mountainous nature enable Ethiopia to protect independence against the Italian forces?

_____

11. State any one way in which child rights can be promoted in Uganda.

_____

12. Give any one way in which a farmer benefits from a commercial bank.

_____

13. How do warm prevailing winds affect the climate of Africa?

_____

14. How is part marked **X** important on a Stevenson's screen?

_____

15. Mention the main factor that makes cattle rearing difficult in the Miombo woodlands.

_____

16. Why did Alexander Mackay build a printing press at Natete in Uganda?

_____

17. Write down one factor that has hindered the development of agriculture in Uganda.

_____

CamScanner

18. In which way is an extinct volcano different from an active volcano ?

19. Give any one way in which land fragmentation is dangerous to a country's economic development.

20. In which way do trees in dry areas of Africa able to control transpiration?

21. Mention any one danger facing lakes in Uganda.

22. How does a class time table promote order in the school?

23. Draw any one tool early man used for hunting.

24. Why do the Turkana and Karimojong practise a nomadic lifestyle?

25. How is the population affected when standards of living are poor in an area of settlement?

26. Mention any one way in which Ugandans have benefited from the East African Community.

27. Why is the timber from mangrove forests good for building boats and ships?

28. State any one reason why irrigation farming is more advantageous than relying on rainfall to grow crops.

29. Give any one reason why Uganda trades with other countries.

30. State any one reason why people in equatorial regions build houses with slanting roofs.

31. Mention any one way in which Sir Samuel Baker fought against slave trade in northern Uganda.

32. How did the coming of the Nilotics affect the Chwezi state in Bunyoro?

33. In which way did the early European explorers benefit from going to Zanzibar?

34. State one way in which feeder roads have improved the development of rural communities.

CamScanner

35. How is the work of the Police different from that of the army?

_____

For questions 36 – 40 answer either Christian or Islam.

36. **Either**: Name the son of Jacob who was sold by his brother to the Egyptian slave traders.

_____

Or: Name the son of prophet Yaqub who was sold by his brothers to the Egyptian slave traders.

_____

37. **Either**: How did God punish sinful people during Noah's days?

_____

Or: How did Allah punish sinful people during Nuhu's days?

_____

38. **Either**: What enabled the early Christian converts to accept suffering?

_____

Or: What enabled the early Muslim converts to accept suffering?

_____

39. **Either**: Why do Christians pray before sleeping at night?

_____

Or: Why do Muslims pray before sleeping at night?

_____

40. **Either**: Who is a friend according to Christianity?

_____

Or: Who is a friend according to Islam?

_____

SECTION B: (60 MARKS)

41. a) Name any one country that experience Desert climate in Africa.

_____

b) State any two problems faced by people living in desert regions of Africa.

i) _____

ii) _____

c) Give one reason why Harmattan winds do not bring rainfall to West Africa.

_____

42. a) Give any one reason why the Bantu settled in the interlacustrine region.

_____

b) Mention any one reason why the Bantu left their cradle land.

_____

c) State any two problems that were faced by the Bantu during their movement.

i) _____

ii) _____

CamScanner

43. a) Mention one role that was played by Captain Fredrick Lugard in the colonization of Uganda.

_____

b) State any two ways in which Europeans got colonies in Africa.

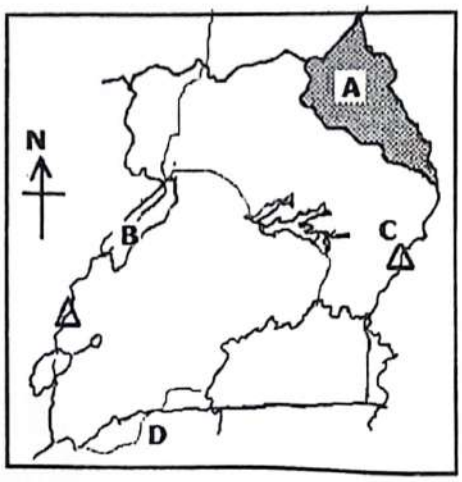
i) _____

ii) _____

c) How did the Africans react towards the coming of European colonialists?

_____

44. **Study the sketch map of Uganda below and use it to answer the questions that follow.**



a) Name the national game park located in the area labelled **A**.

_____

b) How is the physical feature labelled **B** different from that labelled **C** in terms of formation?

_____

c) Name the river marked **D**.

_____

d) Use letter **K** to show the mountains of the moon.

45. a) Give any two reasons why slaves were taken to Americas from Africa during the Trans- Atlantic trade.

i) _____

ii) _____

b) State any two positive effects of the Trans- Atlantic trade.

i) _____

ii) _____

46. a) State any two reasons why people carry out poaching.

i) _____

ii) _____

b) Give any two dangers of poaching.

i) _____

ii) _____

CamScanner

47. a) Give any two ways the youth stage of a river is economically important.

i) _____

ii) _____

b) Mention one economic activity carried out on river deltas.

_____

c) Why does river Nile flow from Lake Victoria to Lake Kyoga?

_____

48. a) Give any two reasons why the Maji Maji rebellion was staged in Tanganyika.

i) _____

ii) _____

b) State two ways in which the people of Tanganyika benefited from the Maji Maji rebellion.

i) _____

ii) _____

49 a) Give any one factor that has contributed to the development of the tourism industry in East Africa

_____

b) State any one economic importance of tourist attraction sites in East Africa.

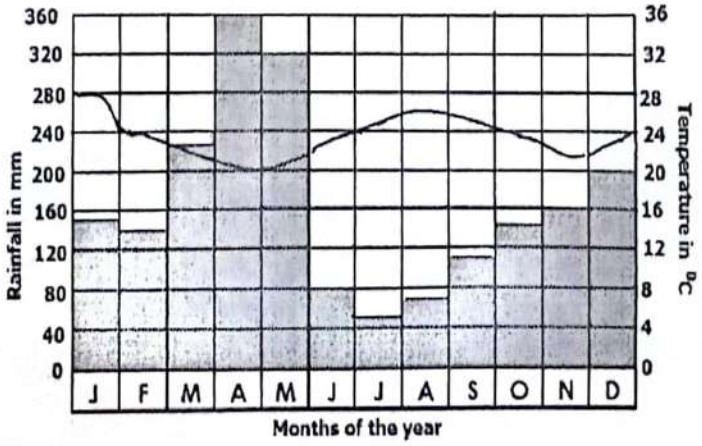
_____

c) Give any two ways in which the governments of East African countries can improve on the tourism industry.

i) _____

ii) _____

50. **Study the climate Graph of place X below and answer the questions that follow.**



a) How much rainfall was received in May?

_____

b) Name the type of climate shown on the graph above.

_____

c) Give any one reason why crop growing is possible in place X.

_____

CamScanner

d) Calculate the temperature range.

For questions 51 – 55 answer either Christianity or Islam.

51. Either: a) Mention any two things observed by Christians during fasting.

i) _____

ii) _____

b) Give any two importance of fasting to a Christian.

i) _____

ii) _____

Or: a) Mention any two things that must be observed by Muslims during fasting.

i) _____

ii) _____

b) Give any two importance of fasting to a Muslim.

i) _____

ii) _____

52. Either: (a) Give any two ways in which prophets are important in the Christian faith.

i) _____

ii) _____

b) Give any one reason why each of the following people is remembered in the Christian faith.

i) Abraham

_____

ii) John the Baptist

_____

Or: a) Give any two ways in which prophets are important in the Islamic faith.

i) _____

ii) _____

b) Give any one reason why each of the following people is remembered in the Islamic faith.

i) Ibraham

_____

ii) Yahaya

_____

53. Either: *I will ask My father to send you a helper, and the helper whom My Father will send in my name, shall teach you all things, and shall help you to remember all the things I have taught." John 14: 26"*

a) Who said the above words?

_____

b) To whom were the above words said?

_____

CamScanner

c) Who was the helper the person mentioned in (a) above referring to?

d) On which day was the promised helper sent?

Or: *"Surely mankind is in loss; except those who have believed and done good deeds and advised each other to the truth and advised each other to patience." Al Qur'an Chapter 103".*

a) Which message is contained in the words above?

b) What is the above surah about?

c) What lesson do Muslims learn from the surah above?

d) Where was the above surah revealed?

54. Either: a) Mention the message Angel Gabriel brought to Zecharia.

b) Why did Zecharia doubt the message Angel Gabriel brought to Him? referred to?

c) What happened to Zecharia when he doubted the message?

d) What lesson do you learn from the story of Zecharia and angel Gabriel?

Or: a) Mention the message Angel Jibril brought to Zakariya.

b) Why did Zakariya doubt the message Angel Jibril brought to Him?

c) What happened to Zakariya when he doubted the message?

d) What lesson do you learn from the story of Zakariya and angel Jibril?

55. Either: (a) Name the special book Christians use to preach the word of God.

b) State any three ways in which the above named book is unique.

i)

ii)

iii)

Or: a) Name the special book Muslims use to preach the word of Allah.

b) State any three ways in which the above named book is unique.

i)

ii)

iii)

SECTION A: (40 Marks)

Question 1 to 20 carry two marks each.

1. Work out: $46 \div 2$

2. Simplify: $b - 3b + 4b$

3. Write CDLXV in Hindu – Arabic numerals.

4. Given that W= { Sun, Mon, Tue, Wed}. Find the number of subjects in set W.

5. Find the next number in the sequence:

   3 , 8 , 5 , 10 , 7 , _____.

6. Simplify: $\frac{2}{9} \div 1\frac{1}{3}$

7. Using a ruler, a pencil and a pair of compases only, construct an angle of 105^0 in the space below.

CamScanner

8. Work out: $1110_{two} + 111_{two}$

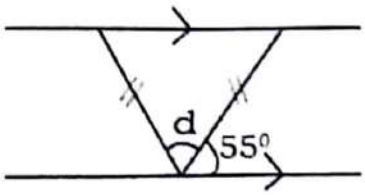
9. Find the square root of $5\frac{1}{16}$

10. Change 750grams into kilograms.

11. Solve: $2m - 3 = 2$ (finite 7)

12. A bus travels at an average speed of 110km/h for 1 hour 24 minutes. Find the distance covered.

13. In the figure below, find the size of angle ***d***.



CamScanner

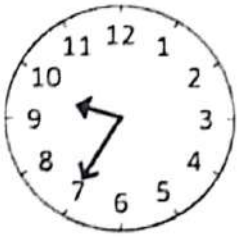
14. If kg $\frac{3}{4}$ of sugar cost shs. 3,900, find the cost of kg $3\frac{1}{2}$

15. Given that a = ⁻3, b = 1 and c = ⁻4, find the value of $\frac{ac}{b^2 - ac}$

16. Find the median of the following numbers: 9 , 2 , 7 , 0 , 5 , 7

17. The price of a bar of soap was sh. 4,500. It was later increased by 40%. Find the new price of the bar of soap.

18. Write the afternoon time shown on the clock face.



19. The total number of blue and black pen in a bag is 24. If the probability of picking a black pen is , how many blue pens are in the bag?

20. A stretch of a road is 450m long. Trees are planted in a straight line along the road at intervals of 9m from each other. Find the number of trees planted.

CamScanner

SECTION B : 60 MARKS

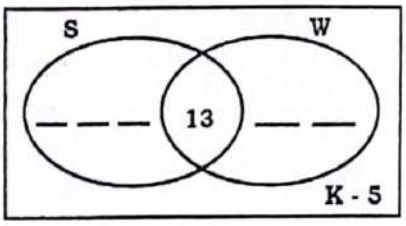
Answer all the questions in this section.

Marks for each question are indicated in brackets.

21. a) Simplify: $\frac{4m^3 \times 6m^6}{8m^5}$ (2marks)

b) Expand 948.063 using powers of 10. (2marks)

22. In a class of 69 pupils, 48 drink soda (s), (k + 12) pupils drink mineral water (w) only, 13 drink both soda and mineral water while (k - 5) pupils drink neither of the drinks.



a) Find one value of K (2marks)

c) How many pupils drink mineral water? (01 Marks)

b) If kapere has Ksh. 37,600, how many pounds sterling can he get from the bank? (3marks)

23. The rates at which a bank pays and sells different foreign currencies are given in the table below. Study and use it to answer the questions that follows.

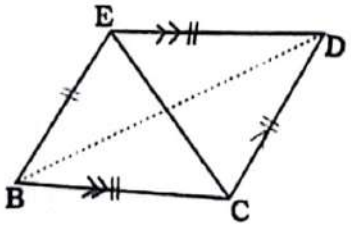
Currency	Buying rate	Selling rate
1 US dollar ($)	Ug. sh. 3,600	Ugsh. 3,700
1 Pound sterling (£)	Ug sh. 4,500	Ugsh. 4,700
1 Kenya shilling (Ksh)	Ugsh. 35	Ugsh. 36

CamScanner

a) If Apolot has Ugsh. 925,000, how much money in Us dollars will she get from the bank? (2marks)

b) If kapere has Ksh. 37,600, how many pounds sterling can he get from the bank? (3marks)

24. The perimeter of the rhombus BCDE below is 104 cm and diagonal



a) Find the length of diagonal BD. (4marks)

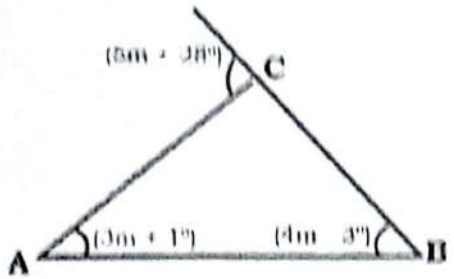
b) Calculate the area of rhombus BCDE. (2marks)

25. a) Write $\frac{8}{11}$ as a recurring decimal. (2marks)

CamScanner

b) Work out $\frac{0.759 \div 0.003}{0.9 \times 1.4}$ (3marks)

26. Study the figure below and use it to answer the questions that follows



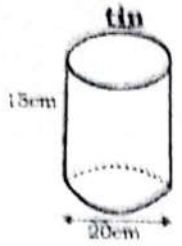
a) Find the value of m. (3marks)

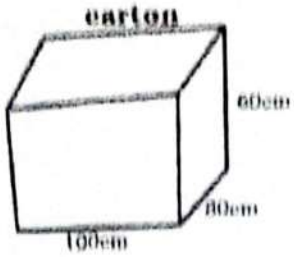
b) Calculate the size of angle ACB. (2marks)

27. A rabbit costs half as much as a chicken. The chicken costs one third as mush as a turkey. If the total cost of the three animals is sh. 180,000, find the cost of 5 rabbits. (5marks)

CamScanner

28. Cylindrical tins of jam each 15cm high and of diameter 20cm are to be packed standing upright in a rectangular carton 100cm long, 80cm wide and 60cm high.

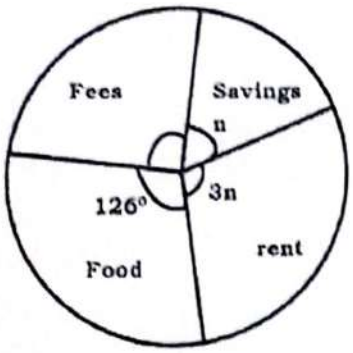




a) How many tins can be packed in the carton? (2marks)

b) Calculate the volume of the space that will be remaining after the tins have been packed into the carton. (take $\pi = 3.14$) (3marks)

29. The pie chart below shows the expenses of a family. Study and use it to answer questions that follows.



a) Find the value of n. (2marks)

CamScanner

b) If the family spends sh. 216,000 more on rent than fees, what is the family's total income? (3marks)

30. Joan spends $\frac{1}{3}$ of her monthly salary on food, $\frac{1}{4}$ on rent, $\frac{3}{10}$ of the remainder on medical care and saves sh. 210,000. What is her monthly salary? (5marks)

31. Town A is 180km from town B. A car left town A for town B at 8:55a.m and travelled at a steady speed of 80km per hour.

a) At what time did the car reach town B? (2marks)

b) If the car left town B at 12:15p.m and reached town A at 2:15pm., calculate the speed of the car. (3marks)

CamScanner

32. A motorist left village P and drove 60km east wards to village Q. She then drove 50km on a bearing of 2300 from village Q to village R.

a) Draw a sketch to show the motorist's journey. (1mark)

b) Using a scale of 1cm to represent 10km, draw an accurate diagram to show the motorist's journey. (3marks)

c) Find the bearing of village R from village P. (1mark)

SECTION A: (40 Marks)

Questions 1 to 40 carry one mark

1. Name the garden tool used by farmers for weeding.

_____

2. Give a reason why it is important to tie between the bitten part and the heart in case of a snake bite.

_____

3. State one danger of dumping industrial wastes on soil.

_____

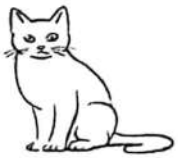
4. State one way a person can prevent body odour.

_____

5. Apart from a wind vane, name the other weather instrument used to show direction of wind.

_____

The diagram below shows one of the animals kept at home. Study and use it to answer question 6.



6. How is the animal useful in a home?

_____

7. How can pregnant mothers and their unborn babies be protected against tetanus?

_____

8. Give any one way in which body parts can be promoted to work together.

_____

9. State what can be done to make a bicycle dynamo produce more electricity during a ride.

_____

10. Name the food value obtained from eating fish.

_____

11. To which group of crops do beans belong?

_____

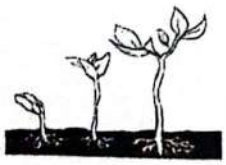
12. How can energy from wind be harvested?

_____

13. How is Panadol useful in the giving of first aid?

_____

14. State the characteristics of living things shown by the plant in the diagram below.



_____

CamScanner

15. Apart from Nimbus and stratus, name one other type of clouds.

16. Give a reason why it is dangerous to remove a foreign body from the ear using a safety pin.

The diagram below shows electric wires on electric poles. Study it and answer questions 17 and 18.

17. Which weather condition of the day makes electric wires appear straightened as in the diagram above.

18. Why do electric wires appear straightened during the above conditions?

19. How is air important for plant growth?

20. Name any one deficiency disease which is NOT caused due to lack of vitamins in the human body.

21. What is the importance of putting rotten fruits in the hive during bee stocking.

22. State any one way of caring for animals in the environment.

23. Which type of teeth has sharp and pointed enamel?

24. How can the spread of malaria through mosquito bites be controlled in community?

25. Give one example of a chemical change which occurs in human beings.

26. How do red blood cells differ from the white blood cells in terms of their function?

27. Give a reason why sound is heard clearer at night than during day time.

28. State one way of keeping germs out of the school compound.

29. Name the type of stems possessed by passion fruit plants.

30. State one management practice which can help to prevent foot rot on an animal farm.

CamScanner

31. Write any one type of latrines used in our community.

_____

32. State the importance of solar cells on a solar panel.

_____

33. In which way can lost iron pins be recovered from dust?

_____

34. Mention any one condition which can lead to outbreak of diarrhea diseases in the environment.

_____

35. Name one disease of the digestive system.

_____

36. Why is it possible to separate alcohol from water using distillation method?

_____

37. Mention the group of flowering plants to which soya beans belong.

_____

38. How do thread worms enter our bodies?

_____

39. In which way do plants contribute to the percentage of oxygen in the atmosphere?

_____

40. Name the childhood immunisable disease which can be transmitted through drinking fresh un boiled milk.

_____

SECTION B: 60 MARKS

Questions 41 to 55 carry four marks each

41. a). State any two factors considered when sorting clothes before washing.

i) _____

ii) _____

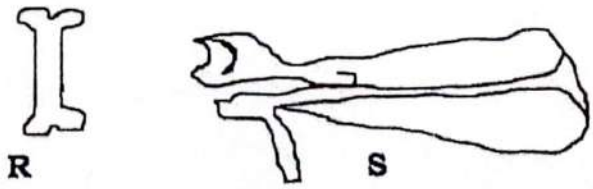
b) Name the folds or ridges formed in clothes after washing and sundrying.

_____

c) How can the above folds be removed from clothes?

_____

42. **The diagram below shows types of bones in the human skeleton. Study and use it to answer questions that follow**



CamScanner

a) Name the bones R and S

i) R _____

ii) S _____

b) Write the type of bones to which bones R and S belong.

i) R _____

ii S _____

43. a) Write down any two elements of Primary Health Care.

i) _____

ii) _____

b) State any two Principle of Primary Health care.

i) _____

ii) _____

44. a) Write down any two conditions necessary for rusting of metals.

i) _____

ii) _____

b) State one danger of rusting.

_____

c) How does painting of metals prevent rusting?

_____

45. a) Name two skin infections caused by fungi.

i) _____

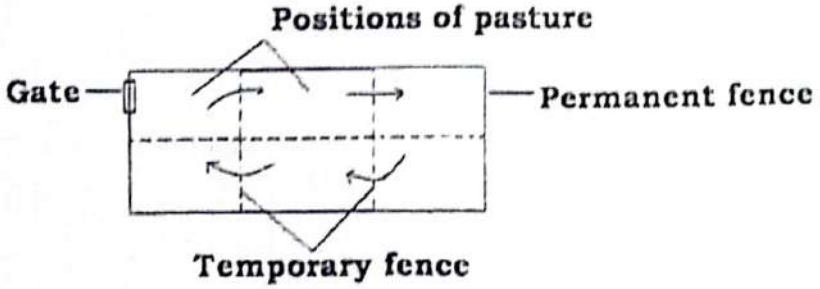
ii) _____

b) Write two ways in which the spread of skin fungal diseases can be controlled.

i) _____

ii) _____

46. **The diagram below shows a form of rotational grazing of animals. Study and use it to answer questions that follow.**



CamScanner

a) Name the kind of rotational grazing shown in the diagram above.

_____

b) Write down any two advantages of the form of grazing in the diagram.

i) _____

ii) _____

c) State one way in which the above grazing is costly.

_____

47. a) What is refraction of a light?

_____

_____

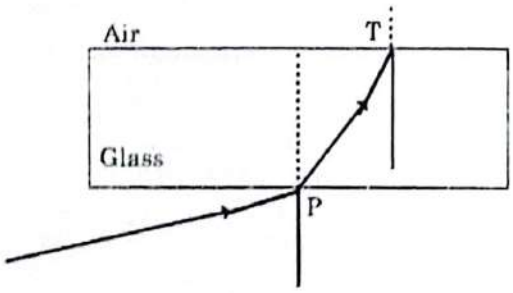
b) Give any one example of light medium.

_____

c) How does light behave when passing from air into water?

_____

d) Draw a ray of light at interface T to complete the diagram.



48. a) Apart from malnutrition, give two other effects of alcoholism to a person.

i) _____

ii) _____

b) How does alcoholism lead to malnutrition?

_____

_____

c) Why do people who drive under the influence of alcohol commonly get involved in accidents?

_____

_____

49 a) Write down the two agents of soil erosion.

i) _____

ii) _____

b) Mention two factors that increase soil erosion in the environment.

i) _____

ii) _____

CamScanner

50. a) Name the human body organ which produces the following cells.

i) Female reproductive cells

_____

ii) Male reproductive cells

_____

b) State the hormone which promote development of secondary sex changes in the following people.

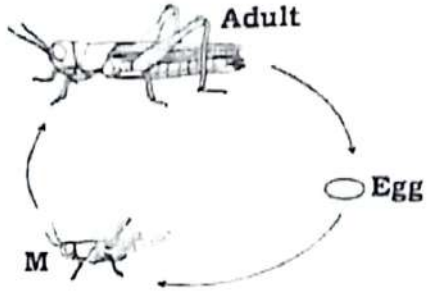
i) girls

_____

ii) boys

_____

51. **The diagram below shows the life cycle of a grasshopper. Study and use to answer questions that follow**



a) Name the stage marked **M**.

_____

b) How is the adult stage of a grass hopper dangerous in the environment?

_____

c) Apart from grasshoppers, name one other insect with a life cycle as the one above.

_____

d) How can the damage on plants caused by people trapping grass hoppers in the environment be prevented?

_____

52. a) Which method of preparing clean water involves allowing muddy water to settle in a container for some time?

_____

b) Give one reason why water prepared by the above method is not safe for drinking.

_____

c) State two ways of making the above water safe for drinking.

i) _____

ii) _____

CamScanner

53. a) What are conductors of electricity?

b) Give one example of a conductor of electricity.

c) How does overloading of electric sockets cause electric fire in homes?

d) How can tall buildings be protected against lightning?

54. a) Name the chemical process in human beings which result into production of energy.

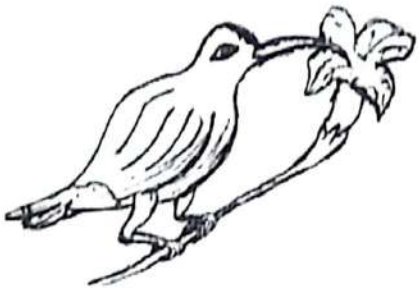
b) Write down the requirements of the above process.

i)

ii)

c) How are lungs important excretory organs?

The diagram below shows a bird perching on a small branch of a tree. Study and use it to answer questions that follow.



a) To which group of birds does the one in the diagram belong?

b) Give one example of such birds in the diagram above.

c) How are the above birds able to perch on leaves and small branches of trees with flowers?

d) State the adaptation of the bird in the diagram above to its feeding habit.

SECTION B: 50 marks

Questions 51 to 55 carry ten marks each

51. **Read the passage below very carefully and in full sentences answer the questions that follow.**

Mr. Kimbowa, a resident of Kikaya village in Nama –Mukono, woke up early in the morning. He went straight to the bathroom to take a bath and brush his teeth. He did this every day from Monday to Friday. This time, he slid off the floor and banged his head on the wall. The floor in the bathroom was slippery because there was some water flowing there. He then collapsed and fainted.

CamScanner

Somehow Mrs. Kimbowa had heard a loud bang. She then listened attentively and heard a heavy panting. She decided to go where the sound came from and when she got there, she saw her husband lying in a pool of blood. In great shock, she shouted for help. Three of their neighbours came and helped her to take the unconscious man to the nearby community hospital.

At the hospital, doctors and nurses worked on him devotedly to have his life saved. Luckily enough he regained life on the second day and on the third day he was discharged. His wife vowed never to leave water flowing on the floor anywhere in the house again.

Questions.

_____

_____

52. **Read the poem and in full sentences answer the questions about it?**

Examination Examination
My companion, my only hope
Some fear you yet others hate you
For they do not know your value
They always fail you
Since they never prepare for you enough.

Examination Examination
I can neither hate nor fear you
Since I know where you lead me
To higher levels; classes and offices
Never will I forsake you, my dear
My sure source of wealth in future.

Examination Examination
Today I see you in four subjects.
Maths my favourite social studies my taste
Science my life and English my best
That way you're indicated on the timetable
